IMPORTANT

Terms. Remit by Post Office or Express Money Order, personal check. Stamps up to \$1.00 accepted.

Postage or Express. Charges prepaid on all orders for \$2.00 and over.

Substitution. In no case will substitution be made. As some plants are limited in number and it is difficult to keep my stock up during part of the season, it will save delay if you will name extras for second choice.

I send out good healthy plants. If they do not arrive in good condition complaint should be made at once. I cannot be responsible for what happens afterward.

None of the plants listed are hardy and therefore not suitable for planting out in cold climates.

Name and Address. Be sure that your name and address are written plainly, also nearest Express office.

Prices quoted in this list are for small, well-rooted plants; larger plants quoted on application.

Your correspondence solicited. If the desired plant is not listed I may be able to secure it for you. Advise your wants.

Wholesale Price. 40% off on six or more of one variety; charges prepaid on orders of \$4.00 or over.
